

Brady offers durable identification labels for any laboratory sample. The labels are engineered to stay attached and remain legible in the most challenging laboratory conditions when printed with the M710 Label Printer.

Cryo vial identification

B-490, B-492

FreezerBondz™ ultra-thin polyester label to label both frozen and room temperature vials, tubes and canes. Superior chemical and abrasion resistance. B-490 is designed for flat surfaces, B-492 for round surfaces.

Withstands

Dish/bottle identification

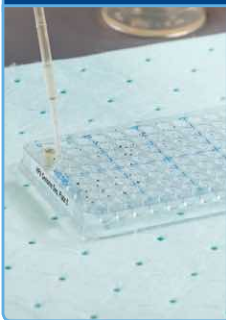

B-499

Thick nylon cloth label that is easy to apply and conforms well to various shapes for excellent adhesion.

Withstands

Well plate identification

B-430

Clear polyester label with excellent chemical resistance. Ideal for well plate identification. Applies well to a wide range of surfaces.

Withstands

Tissue cassette identification

B-498

Vinyl cloth label to apply directly on tissue cassettes. Can also be easily applied on pure paraffin and on top of older labels.

Withstands

Slide identification

B-481

Stainerbondz polyester label with extreme chemical resistance. Performs great in slide staining processes.

Withstands

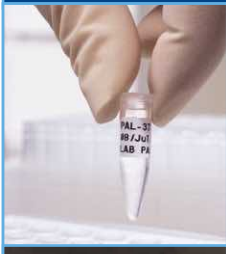

B-488

Polyester label with excellent chemical resistance. Ideal to identify slides and other flat surfaces.

Withstands

Tube, vial & straw identification

B-461

Ultra-thin polyester label with clear tail that protects print and allows liquid levels to be viewed.

Withstands

B-427

Self-laminating vinyl label with excellent abrasion and smudge resistance suitable for small surface areas of straws and rods, withstanding long-term storage.

Withstands

Bottle tamper seal labels

B-351

Vinyl label designed to fracture easily in order to show signs of sample tampering and to prevent one-piece label removal. Provides tracking information with the added feature of security.

Withstands

General purpose identification

B-423

Highly adhesive white label for drawers, shelves, cabinets and general labelling.

Withstands

B-595

Highly adhesive label for drawers, shelves, cabinets and general labelling. Available in white, red, yellow, green, blue, orange, black & clear.

Withstands

B-424

Low cost, general purpose labeling.
